The University of Iowa Office of the President and the University of Iowa Foundation Student Philanthropy Group have partnered to create the PHIL Student Success Grants, which will provide funding for a variety of activities for undergraduate and graduate students outside of the classroom, such as research, travel, and service projects. Our goal is to allow students to pursue opportunities that might not otherwise be possible without funding.

The President’s Office has generously allocated $5,000 per semester to help enhance the student experience at the University through these grants. The funds allocated will come from the generous philanthropic support of alumni and friends who have chosen to provide unrestricted support of the University of Iowa.

### REVIEW PROCESS

Submissions will be reviewed and a recommendation made by members of the University of Iowa Foundation Student Philanthropy Group (SPG). Supervision of the scoring and review process will be overseen by Courtney Blind, associate director of Campus Philanthropy, at the University of Iowa Foundation. After the review process, the recommendations will be sent to the Office of the President which will make the final decisions on all grant awards. Awardees will then be notified of their selection to receive a grant, and payment will be provided by the Office of the President through a transfer to the student’s UBill/student organization’s account. If a student is receiving other financial aid, we have been advised by the UI Office of Student Financial Aid that these grants will not affect the other financial aid.
